

Canal Drive / Cape Fear Blvd Improvement

- Canal becomes one-way for vehicles (northbound)
- The southbound lane becomes two-way bike traffic only
- A traffic circle on Cape Fear directs U-turn traffic

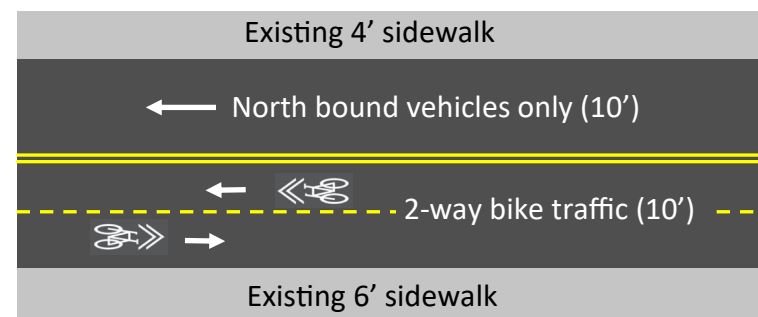

Benefits

- Canal Drive is safer and flows better
- Canal / Harper intersection is safer and flows better
- Better for pedestrians
- Better for bikes
- Canal can easily be closed for special events
- The drop off zone still works
- Better for businesses in the off-season
- Less confusing for visitors than Cape Fear one-way
- Easily reversible
 - It could even be done on a trial basis
- Inexpensive
 - no road work
 - no utility work

Canal Drive - existing

Canal Drive - Option 1

Canal Drive - Option 2
